

AUTOGUARD™ Non-Chlorinated Brake Parts Cleaner

Autoguard Non-Chlorinated Brake Parts Cleaner is specially formulated to powerfully clean without the use of ozone depleting chemicals. Provides an effective alternative to chlorinated products. Helps meet and improve workplace air quality standards.

Spray directly on brake parts. Allow to air dry. For use on brakes and brake pads only. **Do not use on electric motors or other electrical appliances or equipment.** Do not spray on automobile finish. May be harmful to plastics. Protect painted surfaces, rubber and plastic parts from liquid stream and overspray.

Benefits

- Removes brake fluid, oil and brake dust instantly
- Use directly on pads, linings, and other friction parts
- Contains no chlorinated solvents
- Contains no CFC propellants
- Leaves no residues
- Easy to use

WARNING: Read label directions and warnings completely.
