

Coastal[®] All Purpose Grease

COASTAL ALL-PURPOSE GREASE is an NLGI No. 2 lithium stearate grease with a smooth texture and a 320°F dropping point. Combining these properties with excellent resistance to water washing makes this product ideally suited for use as multipurpose grease under normal temperature/speed conditions that do not require extreme pressure additives.

COASTAL ALL-PURPOSE GREASE is recommended for many automotive and agricultural applications such as chassis, water pumps and wheel bearings (except high-temperature applications).

COASTAL ALL-PURPOSE GREASE possesses outstanding resistance to water washing, excellent performance under mechanical shearing, and provides superior lubrication at temperatures from 0 to 265°F.

Typical Characteristics

NLGI No.	2
Appearance	Dark Brown
Texture	Smooth, Medium Fiber
Thickener	Lithium Stearate
Worked Penetration, ASTM @ 77 °F	265-295
Dropping Pt., °F	320
Base Oil Viscosity,	
cSt @ 100 °C	9.96
SUS @ 210 °F	64
Operating Range, °F	0 to 265
