

Passenger Car Motor Oil

Drum

Castrol® EDGE® Euro Car is an advanced full synthetic motor oil engineered to exceed manufacturer test limits ensuring the highest level of protection and maximum performance for European cars. European car manufacturers create unique motor oil specifications to ensure the lubricant can withstand the intense pressure, heat and friction generated in a high output engine. To ensure compliance, rigorous engine tests are developed, with approval granted only when the oil achieves the minimum values required in each test. Castrol® EDGE® Euro Car fluids are formulated to exceed these requirements and deliver maximum protection and performance.

Advanced Full Synthetic

Recommended in Gasoline and Light Duty Diesel Applications • VW/Audi • BMW • Mercedes Benz • Porsche

Features/Benefits

- 2.2X Better engine cleanliness to help maximize engine performance*
- 2.5X Better wear protection to reduce friction and optimize performance**
- 1.7X Better viscosity control to help engines run better for longer**

*As measured in PV1481 test vs. test limit

**As measured in OM646 LA test vs. test limit

Approved specifications:

- API SQ
- ILSAC GF-7
- ACEA C5, C6
- BMW Longlife-17 FE+
- MB-Approval 229.72
- MB-Approval 229.71
- VW 508 00/509 00
- Porsche C20
- Ford WSS-M2C956-A1
- Ford WSS-M2C962-A1

Recommended specifications:

- BMW Longlife-14 FE+
- Chrysler MS 12145
- Volvo VCC RBS0-2AE
