

CUI® EP GL-4 GEAR LUBRICANTS

SAE Grade		90 140
API Gravity @ 60°F	21.0	20.0
Sp. Gr. @ 60°F	0.9279	0.9340
Flash, COC, °F	420	440
Pour Pt., °F	10	30
Viscosity, cSt @ 40°C	435	758
cSt @ 100°C	18.6	28.4
SUS @ 100°F	2015	3520
SUS @ 210°F	92.6	135

CUI™ EP GL-4 Gear Lubricants are formulated with highly refined, 100% virgin base oils and an additive package that provides extreme pressure (EP) protection, inhibits rust and corrosion, and contains a highly effective antifoam agent.

CUI™ EP GL-4 Gear Lubricants are recommended for lubrication of passenger car hypoid gears operating under high speed/low torque or low speed/high torque conditions where severe shock loading is not occurring. Not for use in limited slip differentials or applications requiring an API GL-5 gear oil.
