DINITROL 7250

Technical Details

Characteristics

DINITROL 7250 Glass Cleaner is Non-Ammoniated, Glass Cleaner in an aerosol container. The spray foam removes oil, silicone, nicotine build-up and insects from interior and exterior vehicle windscreens, mirrors, etc. without residue. It can also be used in the household to clean windows and mirrors without leaving streaks.

Features

- Quick cleaning of dirty windscreens & mirrors before repair
- No stripes
- Paints, rubber and plastics are not attacked

- Controlled visible application of the cleaning foam and no running off vertical surfaces

Applications

Spray the product on the surface to be cleaned. Rub the spray foam off with a dry, lint-free cloth. Repeat the process in the case of extremely dirty windows or mirrors.

Attention

Do not store aerosol cans in the passenger area of the car as there is a risk of bursting at temperatures above 50 °C.

Storage

Spray should be stored in a cool and dry place.
