

GI-1 Gear Lubricants

STARFIRE GI-1 Gear Lubricant is manufactured with high-quality base stocks to provide outstanding oxidation stability for long service life. GI-1 gear lubricants are gear oils inhibited against foaming and do not contribute to corrosion or wear of yellow metals, such as brass or bronze.

APPLICATIONS

- STARFIRE GI-1 Gear Lubricant is designed for use in manual transmission and transfer cases in on-highway trucks and off-highway equipment, which require an API GL-1 gear lubricant. GI-1 90 is also suitable for use in industrial gear-oil applications that call for a straight mineral oil in the SAE 50 engine oil viscosity weight range.

BENEFITS

- Long service life
- Non-foaming
- Non-corrosive

Typical Properties	SAE 90	SAE 140
Viscosity: cSt @ 40°C	147.1	478.9
cSt@100°C	14.89	30.08
Viscosity Index	101	98
Color	6..5	7.5
Specific Gravity @ 60°F (15.6°C)	0.8817	0.8945
Gravity, °API	28.99	26.69
