TO WHOM IT MAY CONCERN,

We appreciate your continued partnership and the opportunity to support your business needs. In response to your recent inquiry, we are writing to confirm that our products do not contain mercury, either as intentionally added components or known impurities, to the best of our knowledge. We are committed to ensuring the safety and regulatory compliance of our products and remain vigilant in maintaining high standards across our supply chain. Should you require any further documentation or clarification, please do not hesitate to reach out to [Regulatory@daubert.com](mailto:Regulatory@daubert.com).

To Whom it May Concern,

This letter is written to provide certification based on current raw material information that the products purchased by your company do not contain Perfluoroalkyl and polyfluoroalkyl substances (PFAS), Perfluorooctane Sulfonate (PFOS), Perfluorooctanoic Acid (PFOA), Perfluorohexane Sulfonic Acid (PFHxS), or salts of PFHxS.

Should you have any questions, please contact [Regulatory@Daubert.com](mailto:Regulatory@Daubert.com).

A handwritten signature in black ink, appearing to read "Lisa Phan", is positioned above the printed name.
